Term 2 Week 4 Wednesday 16 May

Welcome parents / caregivers to Week 4 at Glenview this term!

It was great to see so many past and present staff and parents attend Mrs Sullivan's community farewell last week. It was definitely a reflection of the high regard the Glenview Community have for her.

Sickness

At the moment we are experiencing an increase in staff and pupil sickness. Unfortunately this tends to happen when we get seasonal change. There are a couple of bugs doing the rounds resulting in an increase in children having to go home during the day. We will do our best to make sure children are carrying out safe hygiene practices at school. Thank you to those parents who have been prompt in picking up their children when notified.

Yr 4-6 Student led Conferences

Thank you parents for your response to the interviews. If you have not yet made your booking it is not too late. There are three ways to book an interview with your child's teacher. Those parents with access to a computer can book online by going to www.schoolinterviews.co.nz and following the online instructions. The event code is **NRK29** and this will give you access to the school booking schedule. When you click on your child's teacher you will be given their availability. If you do not have access to a computer you can fill out a booking slip and we will do the booking at school. You may fill one out at the office or your child's classroom. You may also do a phone booking by ringing the office after 9.30am. We will send confirmation of all interviews.

It is acknowledged that a strong partnership between parents and teachers is important for children's on going learning. It is important that all parents attend these interviews. If for some reason you are not able to attend during week six please contact your child's teacher.

PTA

At the last PTA meeting they finalized their fund raising for the year. At the end of this term they will be doing their annual pie selling. Next term they will run a mathathon then in the fourth term they will have their annual gala.

Room 9 loves the library. It's a chance to choose something fabulous to read. It's also a quiet time to enjoy our stories in our beautiful library.

In maths we are learning about probability. We have been discussing the meaning of words and putting them into either impossible, possible or certain.
