Term 3 Week 10 Wednesday 19 September

Welcome parents / caregivers to Week 10 at Glenview this term!

The school community survey will be sent out tomorrow. The Board would like it returned by the end of term. As an incentive to get as many returned as possible, the Board is offering a grocery voucher from Glenview New World. When your survey is returned, your name from the bottom of the survey will be entered. If you want to remain anonymous please put your response in an envelope and leave your name at the office when it is returned. If your child is returning the survey they can leave your name with the office or their teacher.

You may have noticed that an area between the school and Glenview Park has been sprayed. As part of conservation week the council and the school are working together to improve this area. Weather permitting we hope to plant this area out this Thursday the 20th of September. We have already had some parents offer to help after 10.00am. If you think you might be available could you please let our caretaker John Hazlitt know or leave your name at the office. Any assistance would be much appreciated.

ROOM 16 WRITING:

My Dad's Car.

I took my car seat to my Dad's house on the weekend. My Dad can change the music in his car because it is on the steering wheel. He is the only one who can change the music. My Dad's car is very cool. His car has black seats and the seats are comfy.

The front seat has an air-bag. You have to be 12 or older to sit in it. My brother Cody can sit in the front seat. If you are smaller than 12 the air-bag will go in your face and you will suffocate.

A Clever School.

I am getting better at learning. When I learn something, I tell my whole family at bedtime. My family goes "Ooooooh, how do you know that clever frog? Did you learn that from school?" I say "Yes Mum, I did." Then my Mum says, "Oh man, I didn't know that. What a clever school."

Room 4 Narrative Writing

Larry and the Cave

Larry the explorer knew what was in the mail. The recipe to the dense, dark caves people call Never Ender. Brum! Brum! Off goes Larry. He was terrified of what might happen to him.

Trickle! The water trickles off the rough cave roof, the landscape is dense, cave after cave. Larry takes a horrified step. CRUNCH! He jumps back in surprise “WOW” Larry yells. He is now 3km into the cave and he starts to hear a bubble.

Larry heard the howling wind and the gleaming moon shining directly in the cave as he ambled towards the bubbling. “HELP, HELP” Larry screams but no one can hear him.

Stuck in the deep, dark brown quick sand, it is now up to Larry’s neck and he is sweating. Using his arms and legs he pushes himself out of the sand.

Finally Larry is out and covered in mud from head to toe, however he needed to push on and continue his quest for the gold.

Sweltering, in the mid-day heat Larry hears the birds chirping, then he stopped for water and something gleams into Larry’s eyes. Something down in a brown box filled with diamonds, gold and jewels. Larry makes his way nervously towards the gold and carries it to his soon to be brand new car.
