2026 STATIONERY INFORMATION & ORDER FORM

Payment for stationery packs can be made online at any time prior to school starting next year or at the school office from 9 am Thursday 29 January. Replacement items are also available from the school office as needed throughout the year.

We would like all children to be ready with their stationery at the beginning of the year, so they can get started with their classwork.

If paying by internet banking, please include your **child's name** and **room name** in the reference.

You will also need to have your child bring this form back to school, so we know that payment has been made, and what has been paid for so the correct stationery can be provided to your child.
